

# Your Trusted 3PL Partner

At Materialogic, our mission is to provide tailored logistics solutions to help your business thrive and grow. Discover how our comprehensive suite of services can address your unique challenges and streamline your operations.

## EMPOWERING YOUR BUSINESS WITH STRATEGIC SOLUTIONS

### Inventory Management

- **Smooth Inventory Handling:** Seamlessly manage your product's journey from receiving to reporting.
- **Real-Time Visibility:** Monitor your inventory status and track every movement with our 3PL software, Infoplus Commerce.
- **Management Mobility:** Stay informed about your inventory 24/7 with the WMS mobile app.

### Receiving Optimization

- **Methodical Processes:** Utilize our documented receiving guidelines for seamless warehouse operations.
- **Scalable Process:** Scale your operations with InfoPlus to ensure efficiency and accuracy as you grow.
- **Full Transparency:** Gain insights into your receiving process and track inventory status with Infoplus reporting.

### Fulfillment Services

- **Efficient Order Process:** Optimize your order process from inbound receiving to outbound shipping.
- **Tailored Solutions:** Grow your operations while maintaining data security with our 3PL software.
- **Speed and Accuracy:** Achieve top speed and accuracy in your fulfillment process with Materialogic.

### Warehousing Solutions

- **Efficient Storage:** Have ample capacity for all your inventory needs in our large St. Louis, MO warehouse.
- **Comprehensive Visibility:** Monitor shipments and inventory status with precision.
- **Streamlined Operations:** Ensure integrity and accountability across the supply chain with Infoplus.

## Reporting and Analytics

- **Instant Updates:** Access accurate reports and key metrics to drive informed decisions.
- **Customizable Reports:** Receive reports tailored to your business needs, all accessible across multiple platforms.
- **Automation and Scalability:** Infoplus grows with your operations, providing automation and scalability for long-term fulfillment solutions.

## Value-Added Services

- **Customized Logistics:** Tailored services to meet your unique logistics requirements and add value across your supply chain.
- **End-to-End Support:** From kit assembly to returns management, Materialogic provides comprehensive solutions for your warehouse needs.
- **Precision in Logistics:** Our solutions are meticulously crafted to optimize costs without compromising service quality, ensuring your budget aligns with your goals.

## Custom 3PL Solutions

- **Scalable Solutions:** Address unique challenges with scalable solutions designed to evolve with your business.
- **Complete Collaboration:** Collaborate with our team to build solutions that seamlessly integrate into your operations.
- **Future Scalability:** Anticipate business growth and adapt with proven solutions that remain agile and adaptable.
